

# Master Clear Concentrate™

## Environmentally Safe Pre-mixed Liquid Concentrate

### Product Description

- Pre-mixed miscible liquid
- Environmentally safe
- White color liquid

### Function

- Fresh water based air drilling misting system for spudding
- Shields water-sensitive shales

### Benefits

- Lower density and viscosity for air misting operations
- Extremely miscible in air drilling operations

### Mixing Recommendations (per 10 bbl fresh water)

- For Torque & Drag - 8.5 gal (or 1" from tote)
- For Shale Inhibition - 17 gal (or 2" from tote)
- For Red Rock Stringers - 25 gal (or 3" from tote)
- For more Red Rock than Shale- 34 gal (or 4" from tote)
- For Severe Red Rock - 42 gal (or 5" from tote)
- For Coating the Hole before POOH to Run Casing - 84 gal (or 10" from tote)

Master Clear Concentrate is a fresh water based air drilling misting system for spudding. This product combines two superior patented products, Z-Clear Fluid™ to suppress water hydration in shale and Master Clear Seal-5® to provide superior fluid loss control in shale.
